(650) 770-3455

Education

New York University (Tisch School of the Arts)
Class of 2028
Bachelor of Fine Arts in Interactive Media Arts
Minor in Computer Science
GPA 3.79 | Dean's List

Experiences

Product Design Intern, Zrø
San Jose, California | June 2026 - Present
Designed the end-to-end visual identity for Zrø, including the mobile and web app UI, brand identity, logo system, motion graphics, and marketing website.

Adobe.NYU Mentorship Program
Brooklyn, NY | September 2025 - December 2025
Collaborated in a team of six to deliver branding, UI/UX, and product design solutions for multiple clients, including website redesigns, brand identity systems, and product launch materials under rapid project deadlines.

Selected Projects

Aftertone
San Jose, California | June 2026 - Present
Designed a recommendation engine for a music app that synthesizes semantic similarity with cross-platform music knowledge, enabling discovery across genres, languages, and niche communities beyond traditional streaming algorithms.

Yuetu
January 2026 - Present
Developed a cohesive visual world through character design, environmental language, and narrative-driven art direction, establishing a unified identity across concept art and storytelling assets.

In Your Care
Brooklyn, NY | September 2025 - December 2025
Created an interactive museum installation that translated climate change into immersive physical-digital experiences, combining spatial interaction, motion design, and environmental storytelling.
